

Operator control and process monitoring - Text Display

TD 100C

Overview

- The low-cost text display for the S7-200 with customized display
- For HMI functions:
display of message texts, interventions in the control program, setting of inputs and outputs
- Direct connection to CPU interface
- No separate power supply required
- No separate parameterization software required
- Front design can be selected individually
- Addressing and setting of contrast in supplied menu

Application

The TD 100C Text Display is the low-cost solution for the simple HMI tasks of SIMATIC S7-200. The ability to print the surface of the device individually allows it to be optimally adapted to the application environment.

It supports:

- Display of message texts
- Interventions in the control program, e.g. modification of setpoints
- Setting of inputs and outputs, e.g. for switching a motor on and off
